## Customer Reviews

This may sound off color, but I bought this book because all of the other children's books have Caucasian children in them, I wanted my child to know that there are children's books for everyone not just Caucasian children. This does have a nice story line to it and the pictures are enjoyable.

This book is a great story about Sunday dinner at Grannie's house. Jay Jay's mother drops him off at Grannie's house one morning while she goes off to pick up his father. Jay Jay helps his grandmother set the table and feed her fish, but he's quite hungry. Finally, the rest of the dinner guests arrive and they sit down to enjoy a spectacular feast together. After dinner, everyone is full, happy, and tired. The book is engaging and not at all scary. It has about 500 words.

This was the perfect baby-shower gift. My niece loves this book, she start reading the book to my little great-nephew before and after he was born. As a African-American 51 year old woman, I appreciate it from the bottom of my heart, back when I was expecting, I really didn't have too many books that represented African-Americans. I would have loved a like this to read to my baby and share the beautiful illustrations with her. Thank you, thank you, thank you!

It is so nice to have a book with people who look like my son and know that it as filled with love as my family is!

My son loves this book. The illustrations are wonderful, makes you see the love in the family in an authentic way. It's well written and easy for a toddler to follow, my son has the whole book memorized and he is not even two. It's a wonderful book for babies! They love the love!

Very sweet book with beautiful illustrations. My "almost three year old" loves it. We cuddle and hug while we read it like they do in the book. The author portrays the importance of family gathering for dinner and bonding with one another.

My 3 year old son (almost 4) absolutely loves reading this book. He can relate to the family gatherings talked about in the book. He looks at the pictures and identifies each of the people in the book as whoever he thinks they resemble from our family. It's also been pretty easy for him to memorize the book. Great read.

I am very happy with this book. The story is cute and simple. Has a nice rhyme scheme. My four year old niece has just started reading and may even learn a new word or two. I really enjoyed that the pictures showed things like collard greens and rice and beans. Quality material-not too flimsy for a paperback.
