Customer Reviews

This concordance does for the NIV what the Strong's Exhaustive did for the KJV. This is a truly comprehensive concordance that also has an index of the Strong's numbers for cross-referenced study. An invaluable tool for those who want to know more about Christ.

As I use my NIV more, I am starting to memorize some scriptures according to that translation. It is starting to get important to have a way to navigate my way around an NIV. I still have most of the scriptures in my head memorized according to The King James, and NWT, so I won't be giving up my Strong's or New World Concordances anytime soon, But this NIV concordance is going to come in handy.

This 1990 version is the best, hands-down. Zondervan published it in a format that allows one true study of original context of the word. Later versions caved to the public outcry for a "formal definition" for each word which is why I rejected Strong's in the first place. I don't want someone else's interpretation of what the word means; I want to gain that for myself. When I taught Bible studies based on my use of this concordance, I packed the rafters because I gave the people a

perspective they would not otherwise have considered. It's sad that some people need to be spoon-fed. If you want to truly study the Bible for yourself, this is the version to have.

The Exhaustive Concordance is a basic must-have for anyone reading and studying the Bible!! This purchase was a gift and was exactly what we needed at a very reasonable price!

Was what I needed for the class at a much more reasonable price than the bookstore wanted.

This is a WONDERFUL Bible reference work. We use it extensively!

Pretty small print but happy with it anyway
