Customer Reviews

Great book, but seriously annoyed that the liver is on the wrong side of the body on the cover. It was a turn-off from the beginning, but that might just be me.

My 2 and 5 year old love this book.... It's easy and entertain even for the little ones. I would recommend it for parents with kids in elementary school.

Great book for early developing minds. My son actually learns and remembers topics discussed because the stories are so involved

My daughter loves this book and she is asking me to buy all of the other Magic School Bus books.

My son loves this book. The edges of the book got damaged during delivery.

I love everything "Magic School Bus" and this did not disappoint!

Great illustrations, very educating and entertaining. My kids love it.
