These short Bible stories are perfect for my nearly four year old granddaughter. They are in simple language and written in a way that she can actually read many of the words. Too often I will reject a Bible study book because the editor's interpretations overshadow what the Bible is actually saying. I do not believe that is true for this book. I recommend this as a beginning Bible study book for pre-school children.

If you are looking for a good devotional book for kids, then look no more!!! We have 3 small children (5,3,2) and were looking for something that they could easily understand but that was not too superficial. It follows the Bible order so devos on creation are first. It doesn't tell the Bible stories in

most of them but it takes the stories or a verse and helps the kids understand how it applies to them. I get a lot out of the devos too!

Reviewed by Stephanie, Parish, and Isaac Rollins for Reader Views (5/07) Daniel Partner's "Bible Devotions for Bedtime" is simple and fun to read. Each Bible story is two short pages. The font is large. The illustrations are bright and large. Each story begins with a short Bible verse that is expanded upon. At the end is a line or two of a related prayer. There are no denominational overtones. This is strictly Biblical. Both the New Testament and Old Testament are used for these Bible stories. Parish loved the Noah's Ark illustrations. The stories were short enough to keep her attention. Isaac flipped through the book many times to look at the illustrations. When I asked Parish if she wanted to give the book away, she said she wanted to keep it. This is recommended. Book received free of charge.

This was purchased by my Grandmother for my 3 year old son. It is absolutely perfect for my husband and I to use during family devotion time. My son really likes the pictures and the verbiage is simple enough for him to grasp, but does not distort the message. I will note that while I have not read every page, we have used it for a couple weeks now and have been very pleased. This is done in a chronological sense, so the first devotions start in Genesis. There is a Bible verse to read, then about two pages (small pages with larger than average text so it is very friendly for beginning readers) of a simple devotion, and then a one to two sentence prayer at the end. We had been using a devotional that was geared toward ages 4-7, but it was still not quite engaging enough for our 3 year old (the subjects weren't quite relevant enough to a toddler's mind), but this one is absolutely perfect for him!

I like the fact that this devotional goes through the Bible from Gen-Rev. The lessons are quick and Bible based. I would prefer a study with questions for the children to answer at the end of each lesson. Otherwise, this is a great nightly study for my children (8&4).

I read this most nights with my kiddos, ages 4 and 6. And they just love it! It is perfect for their age range and very understandable, I would totally recommend this to anyone with little ones :) happy customer

My daughter, age 7, loves this book. Every evening she asks if we are going to read the devotion

book. When I finish a story, she begs for another. I love to see her excitement about learning about God. Great book. I will be buying the others!

My son loves this book and we read it every night before bed. It gives great short stories in step with the bible and portray them with pictures and words kids can understand.
