This is an absolutely delightful read! Forget about your troubles as you tag along with Patsy on one crazy adventure after another. You'll be just as surprised as she is when you stumble upon God's lessons of love and wisdom right there in the middle of everyday life! So many times I laughed (out loud, even)...and thought, "hmmmm...God, I think this little piece of wisdom was written just for what I'm going through right now." It would lift my heart, leave a smile on my face...and speak to my heart of hearts, too. I have especially loved reading this book when I was going through trying times. In the midst of the uncertainty & weariness of cancer treatment, I loved to curl up with "God Uses Cracked Pots" and read a chapter. It was such refreshment when I just didn't have it in me to do anything else. This book would be the perfect gift for a friend or family member that might be going through cancer treatment or any other stressful time...it's a great way to say you care when you're just not sure what else to do.

No matter who you are, what you look like, what your idiosyncrasies are, just how awful or weird you think you are--read this and a wonderful thing will happen! You will come out smelling like a rose. Patsy Claimont had come to a place where she wouldn't even get out of bed! Now she travels

nation- and worldwide with Women of Faith and shares in the funniest ways how to accept yourself without being "perfect." What a woman!

I love Patsy Clairmont, she has the best sense of humor when it comes to Christian advice and just good reads. I have heard her in person and she's just as good in the written word. She cracks me up, and gives me a good lesson at the same time.

Whenever I read this book I always end up laughing out loud. My husband is truly perplexed as this NEVER happens with any other book. Almost as good as hearing her speak in person; this tiny woman packs a punch!

This book makes me break out into big belly laughs as well as tell me that healing takes time. We've all "been there" no one is perfect for it takes the Potter to fill the cracks in our lives.

Hilarious and thought provoking! She uses humor to look at many of life's challenges using many of her personal life's experiences. Done in short story format. If you ever need a laugh and a "moral to the story" then this book is a must read. A timeless book.

Author Patsy Clairmont is a recovered agoraphobic who will keep your interest and keep you laughing as she shares her life experiences with you while making you look inside yourself. She intertwines inspirational messages throughout her books. She keeps her chapters short and simple. A very easy read. You cannot go wrong with this book for yourself or a friend in need of uplifting reading material. If you are like me, it will leave you searching for every book Patsy has ever written.

The book I have of this has a different cover. Anyway, I've had this book for a long time, and it's great! Patsy Clairmont is funny, and I can only imagine what she must be like to live with! A great book that I like to go back to, and read, from time to time... Reading this book helps me to "lighten up" and NOT take life SO seriously! God's Blessings to you and all yours, Patsy...and keep writing!!!
