along on the journey!About the Author:I grew up in Texas, but have lived in the UK for many years. My inspiration for becoming a children's writer came through the many books I read as a child - I wanted to do for other kids what these books had done for me. Also, my father was a newspaper editor, so writing seemed like a very normal occupation. It's sometimes hard to force myself to sit down and write, but I have a regular writing schedule of 2 hours a day, five days a week. That may not sound like a lot, but the main thing is just to stick with it. One of the most fun things for me as a writer is seeing my books take kids out of their ordinary world for a few hours. Maybe they will come back slightly changed. That's what keeps me getting up in the morning, sitting at my desk for the hard slog of writing a book. I love hearing from my readers, at [...]My Review: Most of around today will have a hard time telling our children what it was like in America during the late 1800's to early 1900's. That is why its important for our children to learn from books and pictures. This is perhaps the most important way because this is about all we have to go on. But thankfully we are able to take a step back into the past without living the comforts of our living room. In Wild West Adventures, the author Donna Vann shows us a little snippet of what it was like in America during those days. The cowboy had a long, exhausting life in those days. If there was anything to be done on a ranch or farm such as rustling the cattle or maybe even branding them, the cowboy of those days would be the man for the job. The book goes on to tell us so much more about the wild west long ago, that would most definitely hold a child's attention and expand their imaginations. The best part of the book is the underlying message of having a standing relationship with Christ, the maker of all that is around us. This book is part of a series of awesome adventure books, to learn more go to this link.\*\*Disclosure\*\* This book was sent to me free of charge for my honest review from Christian Focus Publications.

Very fast shipping!! Great job! Thank you :)

I bought this thinking it was story. Instead its more like a textbook. I really wanted something inspiring and this was boring.
