Customer Reviews

We purchased this book for our 6-year-old who has recently taken an interest in NASCAR. He is able to read most of it himself, but it is not so watered-down as to be dull--it has quite a bit of good information. The little trophy stickers inside are cute--they get one each time they read the book, but the motivation to read it really comes from the fact that it is interesting!

My 4 year old son loves when we read this book over and over to him. A bit wordy, but fine overall

Pleasantly interesting book. Children enjoyed reading this with a slight challenge, but the illustrations and topic kept them at it and most suited to their age group.
