The Lonely Planet Kids Amazing World Atlas: Bringing The World To Life

Synopsis

Finally, Lonely Planet has made the Atlas kids have been waiting for! With 160 pages of illustrated maps, engaging infographics, mind-blowing photography and a large dose of humour, this is the atlas that shows kids what the world is really like. Touching on popular culture, sports and school life, this will bring the world to life for kids aged 8 and up. More than 300 amazing photographs Over 50 illustrated maps The perfect present for every kid! About Lonely Planet: Started in 1973, Lonely Planet has become the world's leading travel guide publisher with guidebooks to every destination on the planet, as well as an award-winning website, a suite of mobile and digital travel products, and a dedicated traveller community. Lonely Planet's mission is to enable curious travellers to experience the world and to truly get to the heart of the places they find themselves in. TripAdvisor Travellers' Choice Awards 2012 winner in Favorite Travel Guide category 'Lonely Planet guides are, quite simply, like no other.' - New York Times 'Lonely Planet. It's on everyone's bookshelves; it's in every traveller's hands. It's on mobile phones. It's on the Internet. It's everywhere, and it's telling entire generations of people how to travel the world.' - Fairfax Media (Australia)

Age Range: 8 - 12 years

Grade Level: 3 - 7

Customer Reviews

Atlas is well organized and there is plenty of detail. The only difficulty is the limitations created by

having a small display on a screen that is having to replace a very large page found in a traditional atlas.

This book will make wonderful Christmas gifts for many kids! I think it is superb!

Awesome, good information and pictures!

I bought this book for my granddaughter's 8th birthday. It was a major hit. She was delighted and so was I -- you can't always tell what will work.

Standard children's atlas, but very poor quality kindle book. The text is so small on most pages that it's nearly impossible to read on a kindle. There are no special features to make the book interesting or readable in an ebook format.

A terrific, terrific book for kids who want to know the facts!

Great tear-out pages, icons picturing highlights for each area, interesting location shading.

Bought it for my 9 year old nephew, read it from front to back.
