Average Customer Review: 4.6 out of 5 starsÂ Â See all reviewsÂ (14 customer reviews)

Best Sellers Rank: #921,897 in Books (See Top 100 in Books) #146 inÂ Books > Children's Books > Sports & Outdoors > Winter Sports

Age Range: 4 - 8 years

Grade Level: Preschool - 3

## Customer Reviews

My 3 yr old son absolutely loves this book and I was pleasantly surprised with the simple rhyming story and how nice it reads aloud. I couldn't disagree more with a previous reviewer's insinuation that this book is depicting a hidden sexual message simply because the two snowmen are male at the end. Last time I checked two men ("snow" or of any other type) can be friends without it meaning anything else. Ridiculous. Like I said, a great inexpensive read - words flow beautifully and the pictures are sweet and great for kids.

I tend to look at a book's illustration's first in deciding whether or not to buy it, then I read the story. This book rated a ten on both accounts.I gave my great nephew several winter themed books for Christmas due to the fact I could get such a good deal on . They were andstill are a big hit at his bedtime.

PreS-K. "One small snowflake fluttering down- that's all you need for a snowman. EXCEPT." Alice Schertle uses rhyming, catchy text in describing how to make a snowman. The use of the word "EXCEPT" encourages children to listen closely as they wait for the page to turn. The watercolor

paintings help tell the story of neighborhood children working together to build a larger than life snowman. The children, dressed in colorful clothing "pat them and pack them and roll them around," and then, that "one big ball," seems to be larger than a house. The finished snowman is so large the book needs to be turned sideways to see it. These beautiful paintings along with the fun text keep the energy alive in this book. A great book for a snow or snowman themed storytime!

We start with one snowflake, which is ALL you need for a snowman, except... more snowflakes. And a snowball. And more snowballs, and clothes and all. Love the artwork, love the bouncy rhymes, this is a great book, nice and short for the preschool set. I'm going to pass it off to my local pre-k, I think they'll get a lot of use out of it - and I'm \*definitely\* buying "All You Need For a Beach" to go with it later this year!

This will be a great book to use in the classroom with pre-k students as we study winter and snow. The children will find it easy and fun to make their own snowman.

A really lovely Winter story to share. My 2 year old loved talking about the illustrations and really enjoyed discussing what you need to make a real snowman.

I read this story to my pre-school class they loved it. After the story they made their own snowmen. They especially liked the illustrations in the story.

This book, with its inviting watercolors and wonderful use of words is a new favorite of mine. A snowman, built very simply yet lovingly by a neighborhood full of children is perfect for a warm cuddle with your favorite toddler. A perfect picture book.
