This is an amazing guidebook and fully loaded with tons of helpful guidance about Pokemon Go game. Inside of this book I have found plenty of cheat, tricks, hints and much more. Thought I had various Pokemon Go guidebooks before, but this book is one of my best reads. By reading this book I have learned some tactics and hacks too. I will highly recommend these tips that I got from this *Pokemon Go The Ultimate Full Guide (Pokemon Go Game + Extra Bonus Cheat Sheet, Tricks, Hints, Tactics, Tips, Hacks, for iOS, Android)* book, they were really very helpful. In each chapter I have found pro tips and the author has described every very clearly. I purchased this book a few

This is a great book. All my friends are playing this game, except me. And I felt like I left behind, so I bought this book. It is well packed guide for not only beginners, but also advanced players should find it helpful as well. There were ProTips that are amazing. The further you read, the more information you getting regarding how to catch the best pokemon, or how to raise the strongest fighter. I'm not sure if all these tips are correct, as I can't check them cuz Im only level 4, but so far I really found those Tips unique. It's the unique guide indeed. I'm not telling my friends about this guide as I want to catch up with them quickly and then battle with them. Anyway thank you so much for such a detailed guide!

Of all the book I have read so far about pokemon, this book is simply the best if you want to improve yourself on how to catch pikachu, and be the strongest fighter in all battles. This game is really interesting and this book will teach you how to be pro. Glad that I found this book. Well-informed.

This is a very complete guide. I wish I'd had it before I started the game. The author gives very good tips and tricks for every aspect of the game. My favorite part of this book was the strategy listed for

selecting a team of pokemon. This book may be better than the game at this point.
